

Exhibition Print Sale

About every other year I have an “Exhibition Print Sale” where I sell the images that have been previously exhibited. These may be framed, matted or just a print.

Most images will have some signs of being exhibited such as a label on the back, pinholes on the corners of the prints, markings on the back, slightly chipped frames and etc.

But the important thing is that images themselves are in perfect condition.

These prints are sold at a discount because they are not “new.”

Shipping Costs:

Within the US:	\$15 per tube (loose prints) \$25 per box (matted and framed prints)
Canada:	\$20 per tube (loose prints) \$30 per box (matted and framed prints)
International:	\$25 per tube (loose prints) No matted or framed prints (too expensive to ship)

I do not ship the large framed prints, they must be picked up from my home. It is impractical to ship framed images of this size.

Below are the images that are available. Please be aware that these are limited quantities and so it is “first come, first served.”
